## For Plus Exec

### Who am I?

- Outgoing YL Rep to Plus Exec
- National-level competitive trans sailor from Oxfordshire

### My Priorities:

Urge the party to champion an unashamed **No Compromise Trans Affirmative Policy**.

- Fight the exclusion of trans athletes such as myself from competitive sport
- Reverse the erosion of trans healthcare within the NHS
- Reverse the puberty blocker ban

Coordinate with our spokespeople to **organize and run 'no judgement' Q&A sessions with our parliamentarians**. These are off-record conversations, with members of our parliamentary parties encouraged to ask diversity-related questions to representatives from Plus and other diversity AOs, aiming to improve confidence and competency in diversity areas by asking questions people are usually 'too scared to ask'.

**Work on cross-AO intersectionality campaigns** surrounding shared issues in diverse communities. Our shared experiences can not only bind us together, but allow us to work together in expanding our reach to promote the Liberal Democrats as a party of radical social justice.

### Why vote for me?

I will stop at nothing to ensure the Lib Dems are at the forefront of fighting for human rights. I will dedicate my full attention to **resisting the biggest crisis our community has experienced since Section 28** - the ramifications of the Supreme Court's ruling. I joined the Lib Dems to fight for my future - the opportunities I knew my generation would lose from leaving the EU. Today, the trans community faces unprecedented attacks which we must resist with a radical vision. As a trans athlete competing at a national level, **I fully know the damage that failure to stop attacks on our rights would do** - and I have the energy and commitment to fight.
