Vote for me to become an Ordinary Member of the Lib Dems LGBTQ+ Exec

About me:

I identify as Queer / Abrosexual and Gender Fluid.

I've been a member of Lib Dems for roughly 3 years, an Ordinary member of Wokingham Exec for 2 years and the main Social Media content creator for Wokingham Lib Dems for around 1 year.

I'm a Trustee of Wokingham Pride, the Social Media and Events Manager having been involved in this since 2020.

I'm an active member of my Employer's LGBTQ+ network.

I'm a member of and Volunteer for the RBL.

Why should you vote for me?

From my professional, party and other teams experience, there are various skills both people and technical that I would bring to the role.

As a Gender Fluid person, I'm directly affected by the quota classifications so I'm passionate in an acceptable outcome being achieved.

I'm passionate that non binary should be recognised as a legal status including marriage.

As a regular attendee of local and larger city prides, I'm hopeful that we will be allowed to attend these again in particular as Plus.

Working in Defence I have direct experience working with colleagues where it was illegal for them to be their true selves.

Within acceptable limits at work, I have encouraged colleagues to join Lib Dems and more specifically Plus. The new supporter status will hopefully increase the likelihood of this.

I meet various diversity and minority criteria both specifically for sub groups within the party and professionally. I'd be keen to become involved in the cross group activities.
